Envire® Rubber Sheet, S137 Cinnabar;  
FlashCove™, S123 Charcoal

With the introduction of FlashCove™ – partnered with our Envire® Rubber Sheet product and our Excelsior™ line of floor prep, installation and maintenance items – Roppe can now offer a complete system and a confidence in each installation that is unmatched in the industry.

When hygiene matters, FlashCove™ is the only based guaranteed to perform. FlashCove™ Prefabricated Bases arrive on site with a bonded aluminum reinforcing backer that strengthens the weakest part of the base. Where site-formed bases are prone to punctures during maintenance and use, thus compromising hygiene, FlashCove™ Bases are guaranteed to stay puncture-proof for life.
