TUFLEX® SPARTUS®

MULTI-USE RUBBER TILE

Tuflex® Spartus® Multipurpose Flooring tiles, developed for sports and commercial applications, have been proven in the industry since 1957. Tuflex® Spartus tiles are manufactured using a simultaneous vulcanization process and a new, industry-leading Red List chemical free formulation that is FREE of tire-derived crumb rubber – the first in the industry! Using manufacturing waste from our own RLCF rubber tile and tread products ensures that we know what the formulation consists of and the improved benefits it will provide.
