Must contact Roppe to get Letter of Documentation for each job. We are privately held company in a relatively small market. Our competition also purchases raw materials with many of these same vendors. Therefore we do not publish this information.

Roppe does not have our products tested in accordance with the CRI or CRI plus which is the criteria to meet this point. We do have our products tested to meet the Collaborative for High Performance Schools (CHPS) criteria and meet SCAQMD #1158.
