June 27, 2011

FOSTORIA, Ohio - Roppe® Corporation, a leader in the resilient commercial flooring industry, proudly introduces their new, highly anticipated Northern Timbers and Northern Leathers line of premium vinyl flooring products.

Roppe's Northern Timbers line of wood plank products are available in 4" x 36" planks in 18 colors, with 8 of those most popular grains and colors being available in a 6" x 48" loose-lay product that requires no adhesive.

The Northern Leathers line is available in 18" x 18" tiles in 6 colors that coordinate well with the Northern Timbers line for increased opportunity to add interest and texture to your flooring design.

Roppe's color and grain options were identified as some of the most popular finishes and hues by top healthcare designers in the industry at several different events held across the country.

Special features and benefits of both products lines include containing 50% recycled content – 20% pre-consumer/30% post-consumer! The 28 mil wear layer exceeds the spec for commercial use and allows for increased durability. Plus, Roppe's C-Shield UV cured ceramic bead finish resists scratching, wear and indentation while alleviating the need for additional waxes or finishes to be applied. A 10-year commercial use wear warranty also applies.

Northern Timbers and Northern Leathers products can be installed using Roppe's New ROP500 rubber flooring spray adhesive, which allows for immediate foot traffic in environments such as healthcare applications that require minimal down time for installation.

Roppe Corporation has been preserving jobs and improving the quality of life for the residents of Fostoria, Ohio since the company's inception in 1955.
